

THE ENHANCED HOMEOWNERS TITLE POLICY

from Trident Land Transfer

Our Most Comprehensive Product

Protect Your Property Rights to the Fullest

Simply put, title insurance protects your investment and property rights as a homebuyer from unknown circumstances that may adversely affect your (and your heirs') title to your property. Mortgage lenders require you to purchase a lender's title policy to protect their interests in the property - shouldn't you protect your interests as well?

The additional cost for an owner's title policy is quite low as the premium is a one-time fee and the owner's policy protects you as long as you own the property.

Trident Land Transfer's Enhanced Policy

We offer the **Enhanced Title Policy** to all qualifying customers as it provides more comprehensive protection than a standard owner's policy for a modest additional one-time premium of 20%. You receive these additional protections –

- ❖ **Inflation Protection**
Insurance coverage automatically increases 10% a year for five years, up to 150% of the original policy amount
- ❖ **Fraud & Forgery Coverage**
For forgeries affecting the title after the date the policy was initially issued
- ❖ **Subdivision Protection**
In case the property is found to be in an improperly created subdivision
- ❖ **Boundary Line Protection**
Against removal of a structure erected without a permit, encroachment on or by a neighboring property, and pedestrian or vehicular access
- ❖ **Zoning Coverage**
Insures the land is properly zoned for your type of home

Who can purchase the Enhanced Policy?

Purchasers of owner-occupied, 1-4 family properties, excluding corporate entities, investors, commercial properties or properties greater than 25 acres.

- ❖ **Benefits to you**
The superior coverage of the **Enhanced Title Policy** provides outstanding benefits –
 - Increased confidence that your investment has the finest protection available
 - Insures your ability to resell your home in the future free of potentially damaging title problems
 - Provides peace of mind in a turbulent real estate market

Providing the Best to Homeowners
